

### **Hold Harmless Waiver Non-Operable Vehicles**

I, \_\_\_\_\_, acknowledge that my vehicle is classified “non-operable” because it does not run and/ or drive on its own.

I understand that vehicles in the above condition cannot be driven by Betty K Agencies (USA) LLC employees and must be mechanically lifted for export. Reasonable effort will be made to load vehicles under this classification with care; however, Betty K Agencies (USA) LLC is not liable for damages that may be caused from mechanically lifting the vehicle.

I agree to indemnify and hold harmless Betty K Agencies (USA) LLC and Betty K Agencies Ltd. from and against all claims, loss, damage, and expenses from the above operations.

I have also been advised that an additional fee of **\$ 300.00** will be charged for this service.
